- 1/2 C. butter
- 3 Tbls cocoa
- 1/2 C. milk
- 1 tsp vanilla
- 1/2 C. peanut butter
- 3 1/2 C. quick oats

DIRECTIONS:

1. In a large saucepan, bring sugar, butter, cocoa, and milk to a boil for one minute. (Make sure that you don't overcook!)

Hot Potato Football Game

MATERIALS:

- hot potato game or football
- music

If you buy a Hot Potato game make sure it is a soft one. We have a hard plastic one as well and things don't go so well when kids get throwing it around

HOW TO PLAY:

Turn your hot potato into a football with just a little bit of masking tape or use an actual football. A football works best outside.

Players stand in a circle and toss the hot potato to each other while the music plays.

When the music stops, the player holding the football is out. The game continues until only one player is left and is the winner.

Football Toss

Add some paper numbers for points to this easy to make pool noodle target! The kids will have a blast trying to get the balls through the hoops to rack up the points.

The best balls to use are squishy balls or bean-bag type balls.

You can also use a hula hoop for a target! Hang in a tree and toss the ball through the hoop.

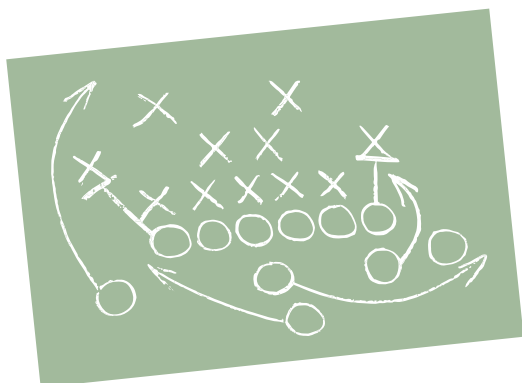

Football Goal Post

With a little planning, and [these simple instructions](#), you can take your football fun to a whole new level with this easy to make football goal post!

HOW TO PLAY:

Practice kicking and punting the ball into the goal post. If that's too challenging, simply throw the ball for a field goal!
